

VACANCY BULLETIN

Company Background

Philips Lumileds is a dynamic and exciting company that is creating a new world of lighting with Light Emitting Diodes (LEDs) and enabling more efficient, longer lasting, more sustainable solutions for a better environment. Our LEDs deliver the quality, reliability and longevity required for lighting in shops, homes, offices, hotels, and streets. We provide solutions that enable better pictures on mobile phones and televisions and automotive solutions that power headlamps and tail lamps.

To support our growth, we welcome you to share our vision to shape the future of illumination. Bring your drive, passion and talents to our dynamic, pioneering team at Philips Lumileds and be a part of the new world of lighting.
