

# VACANCY BULLETIN

**KEYSIGHT TECHNOLOGIES** is the world's leading electronic measurement company, transforming today's measurement experience through innovation in wireless, modular, and software solutions. With its HP and Agilent legacy, Keysight delivers solutions in wireless communications, aerospace and defense and semiconductor markets with world-class platforms, software and consistent measurement science. The company's 10,500 employees serve customers in more than 100 countries. We have had a long presence in Malaysia since 1972. We are now a high-value organization driving many of Keysight's worldwide functions like manufacturing, supply chain, engineering, R&D, business management, sales and marketing, customer support and infrastructure services. We are currently looking for suitable candidates to join us in the following position:

## **Associate Product Test Engineer (Test Technician under contract)**

### Responsibilities:

Responsible for performing a variety of technical support duties in one or more manufacturing areas. Duties may be related to installation, maintenance, repair and support of manufacturing equipment, technical support of one or more production processes, product test and troubleshooting, and technical analyses and problem-solving. Conducts tests, experiments and/or problem resolution associated with components, parts and products.

**Test & Repair:** Tests and calibrates and/or repairs and monitors and/or installs and diagnoses equipment, systems, and/or assemblies. Works from guidelines and standardized procedures/instructions. May design/build tools.

Works on manufacturing technical support assignments with clearly defined objectives.

Performs technical duties that may require use of judgment.

Solves product/process problems which require technical knowledge.

### Requirements:

- Possess a Diploma in Electrical & Electronics Engineering.
- May require some higher education or specialized training/ certification, or equivalent combination of education and experience.
- No prior experience required.
- Move to next level as knowledge gained and demonstrated ability to work more independently

Interested candidates are invited to apply online with a full resume stating qualifications, contact number, working experience, and expected salary together with a recent passport-sized photograph to [joess.chan@manpower.com.my](mailto:joess.chan@manpower.com.my) or to the following address:
